

Bank Check is vital tool when setting up new direct debits. In particular, when setting up paperless direct debits.

It is a requirement of BACS that Sort codes and account numbers are validated at the point of data entry.

Bank Check can be fully integrated into your web site or provided as application.

The payment model of "pay per click" means you can install it on as many PC's as you wish but you only pay for usage.

UK bank details use data from VocaLink.

Prices include quarterly updates and free technical support.

Prices are subject to VAT at the prevailing rate.
